Election Only Three Days Off For 59 Hopefuls

Voters will decide on many of their city and county elected officials on Tuesday when ballots are cast in the May Democratic Primary.

The names of 59 candidates will be listed on the ballot here Tuesday. These 59 will seek the Democrat party nomination to run in the November general election.

In addition to the nominees selected Tuesday, four unopposed candidates, three Republicans, and two Independents will automatically appear on the November ballot.

The unopposed Democratic nominees are Sid Easley, who is running for district judge; Charles Hale, property valuation administrator; Kenneth C. Imes, fifth district state representative; and Gil Hopson, Calloway County Magistrate from the second district.

The Republicans who will appear on the November ballot are all running for positions on the Murray City Council, and include Stephen Yarbrough and Irma LaFollette who are running from Ward A and John Neubauer who is running from Ward B.

Six Democrats from each ward will be nominated for the city council in next Tuesday's election. All residents of Murray may vote for a maximum of six candidates from each Ward. Voters cast ballots for both Wards, regardless of the voter's address.

Independent candidates scheduled to appear on the November ballot include Ora Lee Lewis and Ted Alexander, who have both filed for the Sheriff's race.

Here is a rundown of the candidates for individual offices:

County Judge Executive — Incumbent Robert O. Miller faces opposition from George H. Weeks.

County Attorney — Donald A. Jones and Max Parker are both running for the post vacated by Sid Easley, who is unopposed in his bid for district judge.

County Clerk — Incumbent Marvin Harris faces opposition from Lorene Falwell and Joe Ed Pritchett.

County Sheriff — The largest field of any of Tuesday's county-wide races is the Calloway County Sheriff's Race. The ten candidates seeking the Democratic nomination are David Balentine, Joseph W. Beard, Jimmy E. Cherry, Gerald Cohoon, James Ray Hamilton, Jerry Lee Hopkins, Bennie Jackson, Billy J. Jones, Max Morris and Gene D. Starks. Two other candidates for the post, Ora Lee Lewis and Ted Alexander, have filed as independents and will appear on the November ballot.

County Jailor — Incumbent Huel "Wimpy" Jones is opposed by Bill Bailey and Billy Don Hamilton.

County Coroner — Two local men are running for this position. They are Art Carl Jewell, and Thomas I. Walker.

Mayor of Murray — Incumbent John E. Scott faces opposition from Melvin B. Henley.

City Council (Ward A) — Ten can-

didates, including four incumbents, are seeking the six nominations for Murray Common Council member from Ward A. They are: Loyd Arnold, Billy J. Ballentine, Robert Downs, Dick George, Ruby Hale, Amos Hill, James R. Rice, Martha Sammons, Buel Stalls, Jr., and David Willis. The incumbents are Arnold, Hale, Stalls and Willis. The six Democratic nominees will be opposed by Republicans Stephen Yarbrough and Irma LaFollette in the November election.

City Council (Ward B) — Three incumbents are opposed by 11 newcomers in the Ward B race for six council nominations. Listed on the ballot are Debbie Boyd, Maurice P. Christopher, Barry William Drew, William R. Furches, Roy A. Harmon, Howard B. Koenen, C. C. Lowry, Carl R. Miller, J. H. (Hardeman) Nix, Dr. J. D. Outland, Sue U. Overbey, Johnny E. Rickman, William M. Smith and Elbert A. "Salty" Thomason. The incumbents are Furches, Koenen and Lowry. Republican candidate John Neubauer will appear on the ballot with the six Democratic nominees in the November election.

Magistrate, District One — Five candidates will be attempting to unseat incumbent magistrate Charles Thomas Bogard in the primary. Running against Bogard are Roy L. Balentine, Clint Earl Colson, Joseph J. Dolchan, Jr., Wayne Flora and Rex Ramsey.

Magistrate, District Three — Incumbent magistrate Ralph Bogard is challenged by Billy M. Erwin.

Magistrate, District Four — Incumbent Dan Bazzell is being opposed for the nomination by Steven Alexander and Joshua "Josh" Tabers, Sr.

Officers Search For Escapee Here

Local law enforcement officials were searching today for a prisoner who escaped yesterday afternoon while being processed at Murray City Hall.

Murray Police Department officials said that Ira Ward, who had been arrested in connection with stolen payroll checks from MacDonald's, escaped on foot while being fingerprinted Friday afternoon.

Ward had been arrested after allegedly trying to cash one of the stolen payroll checks at the Holiday Inn here, police officials said. Ward was reported to be an employee of MacDonald's who only recently had moved to Murray.

MPD officials searched the downtown area of Murray thoroughly Friday afternoon but were unsuccessful in their attempts to apprehend the suspect.

The incident occurred about 4 p. m. Friday afternoon.

State Health Officials Encourage Measles Shots

FRANKFORT, Ky. (AP) — Kentucky health officials are encouraging local health departments to hold free mass-immunization clinics against measles and urging parents to take their children, the state director of preventive services says.

Kentucky is having a measles epidemic, and parents who are not sure

their children are immune should immediately have them vaccinated by a physician or a health department, Dr. Carlos Hernandez said Friday.

Hernandez said 489 cases have been reported this month, mostly in Jefferson, Hardin, Green, Monroe, McCreary and Marshall counties, and many children thought to have been

immune are not.

Other areas of the state also could have outbreaks of the potentially severe disease, known as "bad measles, seven-day measles or red measles," Hernandez said.

The ailment can have harmful side effects, including deafness and, in

about one in 1,000 cases, brain damage, he said.

Many children have never been immunized, he said, and many who were vaccinated before the age of 15 months are no longer protected.

Also, vaccines have been improved since 1970, he said, and children immunized before then should be vaccinated again.

"We are encouraging those communities where measles is occurring to very aggressively pursue an immunization campaign, and we are willing to help them," Hernandez said.

He said the Louisville-Jefferson County Health Department has scheduled an immunization clinic Monday, some 1,400 children were vaccinated in a health department clinic Thursday in Marshall County and free clinics also have been held recently in Monroe and McCreary counties.

Hernandez said preventive services officials also were in touch Friday with some counties that have not reported any measles cases yet.

"We encouraged them anyhow to get the word out that anyone who needs the shot should come and get it and not wait for cases to occur," he said.

Vance Says 'General Agreement' Reached With Soviets On Treaty

By BARRY SCHWEID
Associated Press Writer

GENEVA, Switzerland (AP) — Secretary of State Cyrus R. Vance announced today he had reached a "general agreement" with Soviet Foreign Minister Andrei Gromyko on a "common framework of a new treaty to limit nuclear weapons."

Summing up his three days of talks with Gromyko, Vance told reporters the two superpowers devised a three-tiered approach that may impose temporary restraints on the U.S. cruise missile and the Soviet Backfire bomber.

The status of those two weapons has been the key issue blocking a new treaty — SALT II — to replace the five-year old SALT I agreement which expires Oct. 3.

The agreement would also include cutbacks in both nations' weapons arsenals and a commitment to begin negotiating further reductions once the new treaty expires in 1985.

Vance emphasized that "substantial differences remain between the two sides on a number of issues" before a final treaty can be drafted and submitted to the U.S. Senate.

He said further negotiations will be continued in Geneva, at the ambassadorial level in Washington and Moscow, and at another meeting with Gromyko at a time and place to be decided.

Vance said the framework accepted by the two sides included a treaty, a three-year "protocol," and a "statement of conduct" that would pave the way for negotiations on a third weapons agreement.

"In our judgment, the talks have been both necessary, useful and also constructive," Vance said. "Progress has been made. We have reached general agreement on a common framework for the SALT II agreement."

On the Middle East, the other topic of

discussion, Vance said both sides agreed the Geneva peace conference should be reconvened in the fall and would "work to that end."

He said American and Soviet diplomats would hold monthly meetings to keep track of developments, "as we continue our discussions with the parties."

But the communique noted "the importance of careful preparation before the conference meets." The statement was seen as a Soviet concession to the Carter administration, which has stressed the need for advance planning to insure the success of the conference.

Carter said last month it would be better to delay the conference if prospects for an agreement seemed poor. The Soviets have pressed for an immediate resumption of the talks.

Acquittal Of Warehouseman May Be Appealed

LOUISVILLE, Ky. (AP) — The Kentucky Agriculture Department is studying whether it can appeal the acquittal of a Maysville, Ky. warehouseman who had been charged with illegally kicking back part of the fees he received from farmers selling burley at his warehouse.

Sanford Parker and his Banner Warehouse Co. had been charged with the misdemeanor last December as part of a crackdown by the state Department of Agriculture against illegal rebates.

James E. Clarkson, a Maysville attorney who acted as special judge in Mason Circuit Court, said that although there appeared to be a special system of payments from the warehouse to farmers, there was no "intentional violation" of the state law that forbids warehouses from offering rebates to attract farmers.

MAX PARKER

**Calloway County
Attorney**

The man with roots in a community has a special obligation to the people of that community to do his very best for them.

Gail, Conrad and I were all born in Calloway County and have lived here all our lives except when we were in Louisville while I was in law school and getting a start in law practice.

I have four years of good solid experience as a lawyer. Not as a professor in a university classroom but in the courtroom before a judge and jury where it counts. This is where your county attorney must perform well for you so that the police officer who makes an arrest does not lose the case in the courtroom.

I will work closely with the sheriff's department and the Murray Police Department to help insure that their actions are legal and will hold up in court when the trial date comes.

I am the only candidate educated in a Kentucky law school.

I have four years of experience as a high school teacher to draw upon in serving as your representative in juvenile court.

Those of you who have occasion to come in contact with the county attorney's office, either as a defendant or a witness, will receive the same fair and impartial treatment whether you are rich or poor, black or white, and regardless of whether I know you.

I promise you four of the best years of my life working to make Murray and Calloway County an even better place to live for you, me, and our children.

Redd's Tanyard

Many people who camp or vacation in the Land Between the Lakes are often curious about where the various places got their names. For example, when I first heard of Rushing Creek, I thought it was named for a characteristic, a rushing little creek, rather than for one of the earliest settlers in the area.

People who camp in Redd Hollow Campground have asked why it was named that, and where nearby Blockhouse Creek got its name. This explanation goes back to the second oldest settlement in Trigg County. The oldest was discussed earlier, Cerulean Springs. But about 1790, some unknown settlers built a blockhouse — this is a heavy, usually two-story building, with narrow slits for windows, out of which one could aim rifles — for protection against the Indians. Around this blockhouse was formed the settlement which became known as Redd's Tanyard.

William Redd and his wife Frances were among the earliest settlers to come to the area, from Virginia. They settled near Cadiz, and William served on the Circuit Court and was one of the first trustees of the town, in 1820. They were the parents of at least two sons, Philip and George. Philip was born in October of 1819, and when he turned 18, he was made manager of his father's farm, where he stayed for three years. Then he and his brother George went to Eddyville to learn the tanning trade. This was in 1840; their instructor was evidently Matthew Lyon, whom I mentioned last week as bringing one of the first stills to this part of the country when he came here from Vermont. It appears that he also brought a good supply of "upper leather" with him and

set up a tanyard and shoe manufactory.

In 1844, after four years of apprenticeship, Philip and George moved to the area now known as Redd Hollow, buying 3600 acres of land and starting a tanyard. He evidently had a thriving business, selling as much as \$23,000 in leather in one year. He also did some farming, employing between 12 and 15 hands. This settlement boasted, by the time that Philip bought out his brother, who had died in 1883 at the age of 71, a tannery, sawmill, gristmill, blacksmith shop, shoe shop, cotton gin, and some fish ponds. Philip and George were, for that period, wealthy men.

During the Civil War, word of the Redd brothers' money evidently was well-known. One day Philip was visited by a group of guerillas who identified themselves as members of the Union Home Guard, although this is doubtful. They demanded his money (as a contribution to the war effort?) and when he refused, they took a rope and tied him up in an apple tree. When he still refused to tell them where his money was hidden, they built a small fire under his feet, but still he refused. Deciding that the man was hopeless, the guerillas rode off, leaving Phil turning an unbecoming shade of purple. Fortunately for him, however, one of his hired hands, a man named Bill Miller, who had been watching from his hiding place, hurried out when the men left and cut Philip Redd down before it was too late.

Next Week, we will explore the tanning business more thoroughly, how it was done, why this area was such a good place for tanneries, and some of the people who were active in the business.

Several useful ideas may come to you now, but not the opportunity to apply them immediately. Be patient and don't try to get ahead of yourself.

What you expect may not be what you receive — and may be for the best, without your realizing it. Emphasize your gracious, amenable side: It wins friends.

VIRGO

A day calling for calmness and good judgment. Do not let unexpected situations ruffle you and don't let yourself be pushed into undesirable "corners."

Don't depart abruptly from a well-planned schedule, except where emergency so requires. Road may be bumpy in part, but rewards will be sweeter.

PISCES

(Feb. 20 to Mar. 20)

Don't go against present trends or you may find yourself completely out of step with others. Some of your future objectives are now taking shape.

YOU BORN TODAY have an alert, inquiring mind; are usually physically dexterous, too. However, your temperament, at times, is too explosive for stability, so you MUST learn to control nerves and temper. You are an idealist, a deep thinker, and are endowed with the talents required to succeed in music, painting and writing. You are usually working on several things at one time and, if you do not take up one of the arts as a career, you will almost surely take up one as a hobby or avocation. Clever and ingenious, you would make an excellent inventor, scientist or engineer. If you choose business as a career, your best field would be real estate. JAILER

I wish to express my deep appreciation to my many friends in Calloway County. I hope to see each of you personally, but with the obligation and duties of my job this may not be possible.

Please take this as my earnest and sincere appeal for your vote on May 24.

It has been my fortunate experience to serve you as jailer. I have received honors and commendations from the Health Inspectors for cleanliness, the State Inspectors and consultants for good jailer-prisoner relationships, etc., but our greatest reward has been the many thanks that both my wife and I receive from the prisoners themselves.

As the population of our county grew so did the crime and population of our jail. Therefore I also grew in my experience as the more and difficult situations arose.

By experience and proper training I feel confident that I have not and will not let a situation get out of hand because of lack of knowledge or fear to tackle it.

Please weigh the qualifications of each candidate carefully, and I believe you will decide that I have the ability to serve you best as jailer of Calloway County.

With God's help your confidence in me will not be misplaced, and I pledge four years of hard work and dedicated service.

Sportsman's Journal

Congratulations to Dr. Gary Marquardt for taking top honors in last weekend's Boy Scout bass tourney held out of Kenlake Marina. Dr. Marquardt's total catch for the two day tourney topped the scales at 27 pounds and 7 ounces. Right behind him was a familiar competitor Owen Byrum, last year's winner of the Boy Scout Tourney. Owen brought in a stringer weighing nearly 25 pounds. His winning stringer last year weighed 37 1/2 pounds. A field of over 200 fishermen competed in the third annual event sponsored by the Audubon Council of the Boy Scouts. Tournament director Willis Snyder deemed the tourney a "success" both in fisherman participation and in the amount of money raised in this benefit tourney. The nearly \$5000 netted will go toward scouting projects in the Audubon Council (Owensboro) area.

Frog season opened last weekend to the delight of area "froggers." Froggers are those hearty souls who will stay up at all hours and wade waist-deep water and trudge through snakey ponds in muck and mire just to collect a frog for his game bag. For those who enjoy the delectable taste of frog legs you may appreciate the effort that goes into frog hunting. For those who would like to attempt the sport but have never participated, the following methods can prove successful for you.

Number one, you will need to obtain a fishing license or a

hunting license, depending on the method you intend to "frog." If you use a gun or bow and arrow a hunting license is required. Personally, I think using a gun takes the sport out of frogging although I have taken frogs with a BB gun and a pellet gun.

No matter what method you plan to use you will need a good light. One that has given good service for a lot of frog hunters is the six-volt lamp on an elastic head-band with a battery carrier that can be attached to a waist belt.

The most productive time for "frogging" is during the dark hours. The object of the hunt is to spot the frog along the waters edge and approach it in a quiet enough manner not to scare the frog into the water. If a gun is used the need to get close is not as great. The best way to approach the frog is to hold the light beam directly on it until you are close enough to gig the frog or grab it with the your bare hand. It is interesting to note here that "bare-hand grabbing" is the only method allowed in the state of Louisiana for harvesting frogs.

I would recommend the use of a frog gig for those first-timers. Then after you learn of the frog's behavior you can graduate to "frog-dogging" with the bare hands. The best frog gig I have seen is the two section pole made of bamboo. When fastened together it is ten feet long. It has an adequate 4 prong gig on the end and is used by holding the

extreme end of the gig and working it slowly toward the frog as the beam of light is held on the frog. When the gig-end is close enough (about 4-6 inches) the frog can be gigged with a quick jab. The creel limit on frogs is 15 per night. A fishing license is required.

The bow and arrow method is surprising productive - even for a novice. Instinctive shots from 6 to 10 feet can put as many frogs into your creel as a gig. Use arrows with field tips only. Stalking methods are the same as above.

Another method that is productive on a still night is the use of a fishing pole line and a red trout fly. Jackie Vaughn and I had a barrel of fun trying this out a couple of years ago. The object here is to shine a light on a frog and then dangle the red fly in front of him. You'd be surprised at the lightning-fast speed at which the frog's tongue lashes out to nab the fly. When he does, you are in for a battle

like no fish ever gave you. This method requires a little more patience because positioning is important. Sometimes it is impossible to get around a bush with a pole and get the fly in front of the frog. This method also requires a fishing license.

Frog season is open from May 15 to October 31. The creel limit is 15 for a 24 hour

period, noon until noon.

Cleaning frogs is very simple. For larger frogs (10-12 inches and larger) I cut off the head and skin the entire frog with a pair of pliers much in the same manner as cleaning a catfish. The frog is skinned easy enough that you can use your bare hand if you so choose. Gut the frog and clean the same way as you would a

fish. For smaller frogs you can cut off the back legs only.

Frog legs can be prepared by rolling them in flour and frying them in a black iron skillet or by deep frying them. Either way they are delicious for breakfast with eggs, biscuits, and grits, or supper with hush puppies, salad and french fries.

Lee Mentioned As APSU Coach

NASHVILLE, Tenn. (AP) — Lee, a former National Basketball Association player, is reported to be among the candidates for the basketball coaching job at Austin Peay State University in Clarksville.

Lee, a onetime standout at Vanderbilt University here, is reported to be among the 70 candidates. The Austin Peay job opened last week when Lake Kelly signed to assume the head coaching position at Oral Roberts University in Tulsa, Okla.

A change in plans would apparently be necessary if Lee were to take the Austin Peay job. He has already accepted the head coaching job at Franklin Road Academy in Tennessee.

The past year was Lee's last non-competitive season as he retired from the NBA, where he played with San Francisco, Atlanta and Philadelphia.

Over 100 Lady Golfers Expected For George Hart Golf Tournament

More than 100 lady golfers from the four-state area around Murray are expected to be on hand Wednesday, June 1, when they tee it up for the 10th annual George Hart Invitational Tournament at the Murray Country Club.

Invitations have been sent to the ladies at 35 clubs in the area, and the field is rapidly filling up, expected to surpass last year's 96-player field for the 18-hole, one-day, medal play event.

Co-chairmen for this year's tournament are Mrs. Toni Hopson and Mrs. Sue Costello. They are being assisted by the ladies making up the women's golf committee at the club.

The \$10 entry fee covers the entire day's activities, including lunch, a style show and other special activities in addition to the 18 holes of competitive play. Reser-

vations for golf carts also are being accepted at \$5 per person for the round.

The top winners in each of five flights will receive prizes valued at several hundreds of dollars. Players will be pre-flighted by handicaps and the tournament will be shotgun started, beginning at 9 a. m.

Entries and handicaps should be sent to Mrs. Costello (Box 604, Murray, Ky., 42071) not later than May 25, immediately after which pairings will be made and tee-off times sent to the clubs of the ladies from whom entries have been received.

The winner of the championship flight also will receive the coveted traveling trophy provided by Mrs. Lochie Hart of Murray in memory of her husband, the late George Hart. A prominent civic leader, Mr. Hart was mayor of Murray, president of the Bank of Murray and an active member of the club.

Another special trophy to be awarded will be the Dorothy Holland Team Trophy, an award provided by Al Lindsey, Murray jeweler, in memory of his aunt, an active member of the club until her death in 1970.

The trophy will be presented to the four players from any club whose aggregate score is the lowest of any similar group participating. Last year, the team trophy was won by a team from the Murray club — Beverly Parker, Betty Lowry, Carol Hibbard and Phyllis Kain — by a single stroke over the Paducah Rolling Hills team of Wanda Mullinax, Virginia Davis, Millie Brown and Dot Arnold.

The defending champion in the championship flight is Mrs. Mary Bain, Sikeston, Mo. Mrs. Bain, who was severely injured in an automobile accident last year shortly after winning the Hart tournament, has fully recovered and will be back this year to

try to make it two in a row.

Last year, she shot a 78 to win by three strokes in front of the second-place finisher, Mary Jo Riddle of Madisonville.

Previous winners of the championship flight have been: Mrs. Jane Ann Nall, Mayfield (1968); Mrs. Mary Anderson, Metropolis, Ill. (1969); Mrs. Mary Jane Alford, Paducah in 1970 and 1972; Mrs. Betty Vowell, Fulton (1971); Mrs. Harriett Jaeger, Jackson, Mo., (1973); Dr. Lea Larson, Clarksville, Tenn., in 1974 and 1975; and Mrs. Bain last year.

McGee And Player Hold Lead In Memorial Golf

By GEORGE STRODE
AP Sports Writer

DUBLIN, Ohio (AP) — Jerry McGee, the midway leader Friday with Gary Player in the \$225,000 Memorial Golf Tournament, issued this warning to writers: "I hope you guys get used to seeing my ugly face because you're going to see it for four days."

"I don't think I've been so keyed up for a tournament in my life. I've waited 365 days. I want to win this tournament more than any other tournament, including the four majors."

"If this tournament doesn't become a major, then there's no such thing as a major." The 33-year-old Ohioan, with

only one tour victory in his 11 years, is up against one of the game's current greats. And Player, one of four men in history to win the world's four major championships, pronounces he's fit.

"Yes, I really did well enough to shoot a 64. I've been playing well all year. I'm not frustrated. You couldn't have two better days for golf and a better course," said Player.

McGee and Player matched four-under-par 68s in muggy 91-degree heat for 138s over the 7,101-yard Muirfield Village monster, a single shot ahead of Fuzzy Zoeller.

Zoeller forged an eagle and five birdies for a course-tying 67. "I wised up. I only hit five drivers all day," said Zoeller of his performance, the best of this 1977 invitational that carries first prize of \$45,000.

Bobby Wadkins, first-round co-leader with Mark Lye, matched par Friday and shared fourth place at 140 with Jack Nicklaus, the designer, sponsor and star attraction of the second-year event.

Rookie Mark Lye, tied with Wadkins with an opening 68, slipped to a 73 and was even with No. 1 money winner Tom Watson at 141. Watson had 70. Nicklaus, who can become the sport's first \$3 million winner if he wins here, said two straight days of ideal weather helped. More of the same was in store today and Sunday.

Tom Weiskopf, who has played this course more than Nicklaus, registered his second straight 71. He was at 142 with Hubert Green and Gibby Gilbert. Green had two 71s and Gilbert a second-day 70.

Alone at 143 was Tom Kite, with a 70.

Johnny Miller was eight off the pace with 72-146. Defending champion Roger Maltbie slipped to 75-147. Hale Irwin also had 75-147. Arnold Palmer just made the cut with 74-153.

Among those failing to qualify were Al Geiberger, Rod Funseth, who shares the course record with Zoeller, and Ben Crenshaw, last week's winner at Fort Worth.

Pinner Qualifies For Finals In Three Events

Felicia Pinner of Calloway County High School qualified for the finals in three events Friday at the Class 2-A Girls' State Track Meet in Lexington.

Pinner, the defending state champion in the 440-yard dash, turned in the best time of the day in the 440-yard dash as she took first in her heat with a 58.4.

In the 220-yard dash, she was also first in her heat and crossed in 25.1.

Pinner was second in her 100-yard dash heat and finished in 11.6.

There will be eight people entered in the finals of each of the three events.

The mile-relay team for the Laker girls cut two seconds off the school record but missed by one step of qualifying for today's finals.

They recorded a 4:14.7. Running the legs were Rose Ross, Melissa Miller, Ellen Mahan and Pinner.

In the 880-yard run, freshman Melissa Miller just did qualify as she recorded a 1:38.6 and got fourth in her heat to make it into today's finals.

Pinner is expected to win the 440-yard dash today and be a contender in the 100 and 220-yard dashes.

Smith Finds Home, And Homerun Swing With Dodgers; Leads Them To 6-1 Win

Richardson And McHugh Place In State Class A

sports

By BOB GREENE
AP Sports Writer
Reggie Smith has found a home—and a home run swing. "I swing to make contact, not hit home runs," Smith said Friday night after slamming his 11th homer of the season and the eighth in his last 12 games. "But when you make

contact, the homers come." The smooth-fielding Los Angeles right fielder plays seven musical instruments; has owned, trained and shown quarter horses; is a scuba diver, an accomplished chef and an outstanding tennis player. He has sold cars and real estate, and has been a lab

assistant in a morgue. In baseball, he spent the first eight years of his major league career with the Boston Red Sox before being traded to the St. Louis Cardinals amid controversy. He was traded to the Dodgers in mid-season last year, hitting 18 home runs between the two teams.

"I have the power to get the ball out of there," Smith said after his three-run homer into the left field seats led the National League West Division-leading Dodgers to a 6-1 victory over the East Division-leading Pirates.

Smith's blast highlighted a five-run fifth-inning explosion that handed the Dodgers their 29th victory against 9 defeats.

Burt Hooton, 4-1, who gave up four hits before being relieved in the eighth by Stan Wall, got the victory. Wall was touched for just one hit the rest of the way.

Steve Yeager's solo homer in the third gave the Dodgers a 1-0 lead off Pirate starter Larry Demery, 5-2, who also was charged with all of the Dodger runs.

Cubs 13, Braves 4
Pitcher Ray Burris won his sixth game in 10 outings and joined the fun, smashing his first home run of the season as Chicago posted its 13th victory in 15 games in crushing Atlanta. The loss snapped Atlanta's four-game winning streak, its longest of the year.

Steve Swisher added a homer and he and Burris each drove in three runs. Burris had a two-run single and Swisher an RBI double as the Cubs sprayed 16 hits.

Padres 12, Expos 4
A bases-loaded homer in the first inning by Mike Ivie started San Diego on its way to an easy victory over Montreal. It was the Expos' 10th straight loss.

Ivie's second homer of the season and his second lifetime grand slam came after the Padres loaded the bases on an error and two walks.

Merv Rettenmund belted a two-run homer for San Diego while Ellis Valentine hit his sixth of the year for Montreal.

Reds 6, Mets 2
Gary Nolan struck out nine in seven innings to increase his record to 3-0 and lead the Cincinnati over New York.

Reliever Woody Fryman worked the final two innings as the Reds continued their mastery over Tom Seaver.

Seaver, a four-time 20-game winner, is 10-18 against Cincinnati for his career and suffered his third straight loss after a 4-0 start.

Astros 5, Phillies 2
A two-run double by Julio Gonzalez highlighted Houston's three-run sixth inning as the Astros topped Philadelphia. J.R. Richard, 3-4, scattered seven hits to gain his fourth complete game of the season.

Cliff Johnson's ninth home run of the season, a solo shot into the left field seats in the fourth, gave Houston a 1-0 lead.

Giants 7, Cards 5
Darrell Evans slammed a two-out, two-run double as San Francisco tallied four runs in the ninth inning to down St. Louis.

The victory snapped a four-game Giants losing streak.

Harrell Named Football Coach At Trigg County

There will no longer be a "Hambone" routine at Murray High School football games.

Over the past few years, the routine has become quite popular with the Tiger players and assistant coach Jimmy Harrell has displayed his talent with the "Hambone" after every Black and Gold win.

But Harrell now has a new job.

He has been named as the head football coach at Trigg County High School, replacing Joe Jagers who left to take the head post at Fort Knox.

Ironically enough, the second game Harrell will coach for Trigg County will be at Fort Knox.

Trigg had a 5-6 year last season and lost many of their players. Harrell said he will face a rebuilding year.

Harrell is a native of Nashville and played high school ball at Nashville East. He played four years at Murray

Defending state champion Richie Richardson of Murray failed to repeat in his title defense at the Class A Boys' State Track Meet at Lexington Friday afternoon.

Richardson, who had cleared 6-2 last year in winning the state title, placed second Friday and cleared the same height.

He had won the Regional championship with a height of 6-5.

Murray High's Bill McHugh took third place in the pole vault by clearing the 11-6 mark.

In only a handful of events were finals held. Most of Friday's actions consisted of preliminaries. The Murray results in the prelims were not available.

He stayed on a year at Murray as a student assistant then went to Daytona Beach Seabreeze High School for a year as an assistant before coming back to Murray State to serve one year as a graduate assistant for the Racers.

In 1972, he was named by John Hina as an assistant coach at Murray High.

While at Murray High, Harrell was in charge of the defensive unit.

"I have a lot of respect for John Hina and have enjoyed working under him," Harrell said.

"I hate to leave all the kids in Murray. I've watched them from the fifth grade on up through high school but I'd been hunting for a head coaching job this year and by getting the job at Trigg County, I'll be able to stay around this area," Harrell added.

Harrell, who is 30 years old and teaches physical education at Murray Middle, will be a physical education instructor at Trigg County High School.

Tanana Holds Twins Scoreless As Angels Pick Up 3-0 Victory

By KEN RAPPOPORT
AP Sports Writer

Frank Tanana has found something wrong with his performances, even if American League hitters haven't.

"I know I can improve my pickoff move," says the strong left arm of the California Angels. "And I can work on keeping the ball in the park."

Home runs may be the bane of hard-throwing pitchers, but they weren't for Tanana Friday night. Not only did he keep the ball in the park, he kept the Minnesota Twins from scoring in a 3-0 victory.

Tanana has hurled three shutouts so far in 1977. His only loss this season was to Boston on May 7.

Tanana scattered eight hits and struck out seven while becoming the first seven-game winner in the major leagues.

In other American League games, the Baltimore Orioles edged the New York Yankees 6-5; the Milwaukee Brewers pounded the Boston Red Sox 15-7; the Oakland A's routed the Seattle Mariners 14-5; the Toronto Blue Jays downed the Texas Rangers 4-3; the Kansas City Royals blanked the Cleveland Indians 4-0 and

the Detroit Tigers whipped the Chicago White Sox 7-4.

Tony Solaita and Dave Chalk paced the California attack with two hits apiece. Solaita kept a first-inning rally alive with his first single and scored after the other in the fourth inning. Chalk singled in the Angels' third run in the fourth.

The Angels scored all their runs off Minnesota starter Paul Thormodsgard.

Orioles 6, Yankees 5
Light-hitting Mark Belanger tied the score with his first homer of the season, and rookie Eddie Murray doubled home the winner as Baltimore scored twice in the sixth inning to beat New York.

The anticipated pitching duel between Baltimore's Jim Palmer and the Yankees' Don Gullett never materialized. Palmer was chased in the fifth, while Gullett left with a 2-0 count on Ken Singleton in the sixth after Belanger's one-out homer tied the score at 5-5.

Brewers 15, Red Sox 7

Milwaukee pounded 17 hits, including home runs by Cecil Cooper, Sixto Lezcano, Ken McMullen and Don Money, and had a six-run seventh inning to crush Boston. Cooper

Miami Beats Morehead In NCAA Tourney

MIAMI (AP) — The University of Miami Hurricanes, ranked the No. 1 NCAA baseball team in the nation, jumped to a four-run lead and went on to defeat Morehead State 6-1 in the opening round of the NCAA Southern Regional Baseball tournament Friday night.

In an earlier game of the double elimination tournament, Clemson defeated Mississippi 8-7.

Miami faces Clemson and Morehead goes against Mississippi in Saturday action.

The Hurricanes got its first run in the first inning when Wes Robbins scored from first base when Jim Maler grounded out to third.

In the second, Richard Feldman singled and stole second. Catcher Pat Callahan then walked and both men stole bases. Hugo Rams singled up the middle scoring both runners. Rams moved to second on the throw home and scored when Howard Shapiro doubled to right giving the 'Canes a 4-0 advantage.

Morehead scored its only run in that inning when Danny Kaiser singled home Rick Gunterman who got a base on balls.

Robbins scored again in the fifth after he walked, stole second, moved to third on a passed ball and crossed the plate on a wild throw by Morehead catcher Kirk Hudson.

Miami scored an insurance run in the final stanza when Robbins walked, took second and was singled in by Maler.

Miami is now 42-11 for the season while Morehead dropped to 27-18.

Eleven of 12 American League teams in 1976 stayed at the same hotel in Minneapolis when they visited the Minnesota Twins.

Slew To Be Handled With Care At Preakness Today

By GORDON BEARD
AP Sports Writer

BALTIMORE (AP) — Win or lose in today's Preakness, unbeaten Seattle Slew will continue to be handled with care.

"We're going to do what's best for the horse," said Mickey Taylor, whose wife, Karen, is listed as the Kentucky Derby winner's owner. "Whenever he has a problem, he won't run."

Seattle won the Kentucky Derby two weeks ago. A victory over eight rivals in the \$150,000-added Preakness Stakes would leave only the Belmont Stakes on June 11 to complete the Triple Crown.

But even a chance to become only the 10th Triple Crown champion in history won't deter Taylor from his determination to have Slew race only at top form.

"We'd like to make him the champion 3-year-old," Taylor said, "and if we win the Triple Crown along the way, great. But you can ruin a horse if all you think about is the Triple Crown, money and syndication. He has an abundance of speed, but we're going to handle him with kid gloves. If we turned him loose, Seattle Slew could break a lot of clocks—but then maybe he wouldn't be around long."

Seattle Slew was only the second horse in modern times to reach the Preakness unbeaten. Majestic Prince

remained unbeaten after winning the 1969 Preakness, but went wrong while losing the Belmont and never raced again.

Two of the losers in the 1 1/4-mile Kentucky Derby, runner-up Run Dusty Run and 12th-place Sir Sir, were back for another run at Seattle Slew in the 13-16th-mile Preakness.

Of Slew's five new rivals, Charles T. Berry Jr.'s Cormorant and El Peco Ranch's J.O. Tobin have the best credentials—and both missed the Kentucky Derby because of minor illness.

In the remainder of the field are Harry P. Mangurian Jr.'s Iron Constitution, John B.W. Carmichael's Regal Sir, John E. Hughes Jr.'s Counter Punch and Fast Pierina Stable's Hey Hey J.P.

Seattle Slew, ridden by Jean Cruguet and listed as a 3-5 choice in the early line, had a chance to run his lifetime earnings to \$502,711 by taking the Preakness winner's share of \$138,600.

Cormorant, a winner of seven straight before losing last Saturday's Withers Stakes by a nose to Iron Constitution, was rated the second choice at 4-1 and was ridden by Danny Wright. Run Dusty Run, 8-1, with Darrel McHargue up, tried to end a streak of four straight second-place finishes.

LET'S STICK WITH A FULL TIME MAYOR

*Often the mayor, in the best interest of the city, has to attend extended conferences in Frankfort and Washington. This can only be done by a full time mayor.

*During the day is when immediate decisions are often needed, not "after hours."

*The mayor needs to be in City Hall to answer your calls. He also needs to be available to the various department heads so that he can better understand and work on the problems that face our city employees.

*The Mayor is available to anyone either at City Hall, and my number is 753-1956, or at different departments within the city.

*The city through the mayor and superintendents are available to handle any problems or emergencies that might arise within the city.

*The mayor during the day has to meet with different citizens. He has to attend meetings of different groups, civic organizations, and with personnel from different branches of local, state, and federal governments.

*It is the mayor's duty to administer funds after appropriations by the budget committee and the council as a whole.

Gene Starks Candidate For Sheriff

To the People of
Calloway County:

I am Gene Starks candidate, for Sheriff. I would like to re-introduce myself to you the citizens of this county.

When I speak of re-introducing myself I mean that as election day is drawing near it is important for me to refreshen your memory of just who I am and what my qualifications for the post of Sheriff are.

Many know me and I have met and spoke to a lot of new people. Yet, there are many that I have not met, or will get to meet. I hope the following address will serve as the best substitute of offer how I feel and think about the prospect of serving as a community leader.

I have studied the office I am seeking in hopes that I can familiarize myself with its duties and I know that it will take help and a lot of cooperation to run our County as efficiently as possible.

I feel that the office of Sheriff is concerned with such problems as:

1. Drug Traffic
2. Illegal alcohol
3. Breaking and entering
4. Vandalism
5. Delinquent taxes
6. The serving of legal papers
7. Working with City and State Police
8. Working with juveniles
9. Being on call 24 hours a day
10. Stopping litter and improving traffic conditions on our roads and highways

I want to work with these problems and help solve them. I want to offer my community my best.

Many feel that being a Sheriff first concerns writing tickets, sitting behind a desk, or being at local functions whether it be for enjoyment or just to look good. Well, I feel that there is a lot more involved and I WANT TO BE THERE. Yes, I know I want to because, I can use the past faults as a reference to no future faults, and hope that once these faults are corrected we can grow to build our community where others fail. Not very many people may realize it, but this office holds a great responsibility. I, if elected am willing to invest all of my time and experience to it. I am a local business and family man, and I know what it is like to need Security and Safety for my home and business. I feel I have done a well accomplished job in both my home and business.

Give me an opportunity to help make this growing community a place we ourselves, our children, and our neighbors are proud of.

So, remember on Tuesday May 24 elect Gene Starks your Sheriff number 8 on the Ballot.

Let's Stay Well Ear Banks For Deafness Research

By F.J.L. Blasingame, M.D.

Q: Mrs. K.H. writes that she has a deaf friend who is isolated and whose life situation is sad. She wants to know if anything is being done to understand the cause of deafness in order to try to prevent its occurrence.

A: If we are to understand more about the normal hearing process and the causes of deafness, more research is essential.

A step in this direction has been taken recently by the American Hearing Research Foundation, which established a temporal bone laboratory at Mercy Hospital and Medical Center in Chicago. (The temporal bone on each side of the skull contains the ear.)

The foundation has established a temporal bone bank and is seeking donations of inner ears by persons who have impaired hearing or other ear disorders.

The temporal bone bank will operate differently from an eye bank, from which healthy parts are sought and transplanted to living persons. Instead, the temporal bones are preserved and subsequently are studied to determine changes from the norm.

The temporal bone tissue should be removed shortly after death so that only a minimum of postmortem changes have occurred. A cylinder of bone about one inch in diameter is removed for preparation and preservation. A careful history of the donor's hearing or ear problem also is required.

The studies that follow require a long and careful period of laboratory work.

The dense, hard bone has to be decalcified. The softened bone and its other tissues are then sliced in thin sections (about one one-thousandth of an inch in diameter), mounted on a glass slide, stained and carefully examined under the microscope for abnormal changes.

In this manner, the symptoms that the person experienced during life can be compared with the changes found in the ears, and their disease can be better understood. Such understanding may lead to means of preventing or relieving similar changes in other persons.

Research studies also are being done elsewhere on living animals by exposing them to various levels of noises (similar, for example, to the daily noise to which a person might

be exposed in his job). The effects are measured on the hearing responses of the exposed animals and their ears are studied for tissue changes.

Much more can be done now than earlier in treating deafness or lessening its impairment of the life of the victim. Fortunately, more attention now is being given to prevention of deafness and to research into the causes of ear impairment.

Dear Abby

By Abigail Van Buren

Prayer Antidote For Snake's Bite

DEAR ABBY: Four years ago I married my high school sweetheart. A week later I lost my job. Then I heard that the Alaska pipe line paid \$12.80 an hour, with plenty of overtime (time and a half and double on Sundays).

My wife and I decided that I should go, and I'd send her all I could save to be deposited to a joint bank account. In eight months she banked \$16,000. She wanted to buy a home, so I agreed.

When I returned at the year's end, she'd bought a home all right! But it was in HER name, and she had another man living with her. What an explosion! Bidding them adieu amidst blows and broken furniture, I returned to Alaska.

That was three years ago. Since then I've banked \$87,000. Now comes a letter from my wife telling me she has split with her boyfriend, and through a "legal technicality" HE has gained possession of "our" home and she needs money to protect "our" property.

Abby, you don't have to tell me not to send her any money, but please tell me how to forget a wife I know is poison, but think of all day and dream of all night.

I know I need legal advice, but I also need an antibiotic for the love bug. Help me.

JOE IN FAIRBANKS

DEAR ABBY: You don't need an antibiotic for an insect bite—YOU need an antidote for a snakebite. Drive thoughts of HER out of your mind with thoughts of HIM. And when the going gets rough, pray for strength to get you through the day. The Lord never gives us a heavier burden than we can carry.

DEAR ABBY: Ever since I can remember I've wanted to be an airline stewardess. I am now 19 and have been told by some people that I am too tall to be a stewardess. I am 5 feet 11. Is that too tall?

I'm attractive and intelligent. Can you help me?

TALL IN N.Y.

DEAR TALL: Each airline has its own regulations. Write to the airlines of your choice and inquire.

DEAR ABBY: I am a 12-year-old girl who is able to cook a whole meal alone if I need to. I am surprised at the number of girls my age who don't know anything about cooking or housekeeping.

Recently a girlfriend was at my house, and I asked her to help me peel some potatoes. She said she had never peeled a potato in her life. Isn't that ridiculous, Abby? She was my age.

My mother started teaching me to cook when I was 9. Please tell mothers to teach their daughters how to cook and keep house when they are young so they will be prepared when they are older.

Vote For
J. H. (Hardiman) Nix
For
Councilman
Ward 8

It has been called to my attention by some of my friends that there are those who think that my main purpose in running for city council is in behalf of Dwain Taylor Chevrolet in order to sell the city cars and trucks. This is nothing but a fabrication on the part of some people who think only in terms of hurting others.

- (1) My first and only ambition is to help make Murray a better place to live in, present and future.
- (2) I would have only one vote on, any issue concerning buying cars or trucks.
- (3) I do not and will not do any bidding myself.
- (4) There is very little or no profit in selling cars to the city or county. Dwain Taylor Chevrolet only does this to benefit the city and county.
- (5) For anyone who does think or believe such a thing, I do not want your vote or will not solicit your help in any way.

My thanks go out to all of you who have helped support me in any way. If I am elected I will do my best to make a good councilman.
Thank You
J.H. (Hardiman) Nix

REPLACING SYNTHETICS

NEW YORK (AP) — Replacing synthetic fibers with cotton would require 40 million acres of cotton-growing land — nearly the total arable land in Mississippi, Arkansas, Louisiana, Alabama and Texas, according to the Society of the Plastics Industry.

The essential role of man-made fibers such as nylons and polyesters becomes obvious when a theoretical attempt is made to replace them, said Ralph L. Harding Jr., president of the industry group.
